BEAUTIFUL SMILES FOR LIFE

BY VERONICA BRADZEY

For 26 years, Dr. Frank Mogavero has been creating big, beautiful smiles. Specializing in orthodontics and facial orthopedics, Dr. Frank, as patients affectionately call him, sees himself as more than an orthodontist. Over the course of his career, he's shaped the gorgeous smiles of over 10,000 patients, and has also witnessed the tremendous boost in confidence that often accompany his results.

Studies show that people with nicer smiles get better jobs, are thought of as more intelligent, and receive more opportunities in life," shares Dr. Frank. He also emphasizes that, for him, it's always been about the people he treats in his practice. "People are not a procedure," he adds.

Dr. Mogavero designed his fun, action sports-themed office in San Clemente to curb the apprehensiveness that can sometimes be associated with a trip to the orthodontist. Decked out with an authentic Mammoth Mountain chair lift, sports photography, and famous athletes' autographs – many of whom are former patients, he's captured a hip vibe that appeals to patients of all ages. Dr. Frank's reputation has also attracted a high-profile clientele of young athletes and personalities who appreciate the value of a dazzling smile when they appear on TV and compete in the national and international X-Games.

Using the popular Invisalign® system since 2000, Dr. Mogavero was one of its first providers to treat patients with this new technology. These "invisible braces" utilize clear plastic aligners to straighten teeth instead of traditional hardware.

Dr. Mogavero's love for kids extends into the community, where he supports schools through his mouth guard program for local high school and youth football teams, sponsors major fundraisers, and can often be seen cheering on his patients at sporting events and the X Games. He even finds time to coach soccer!

Dr. Mogavero holds honors degrees in Biomedical Engineering and Dentistry from UCLA, is a Board Certified Orthodontist, and has taught for five years in the Orthodontics Department at USC. Dr. Frank, his wife Anna, and their five children reside in San Clemente.

JACK WITHERSPOON, 16

CHEF, AUTHOR,
PHILANTHROPIST

Chopped Junior Competitor
on Food Network

"Jack's very happy to smile at every opportunity now," says his mom Lisa. "He enjoys getting his picture taken, and it's a big help when he does things in the media, for charity and the Food Network. Dr. Mogavero and his staff were terrific. We always looked forward to our visits."

CAMBRIA MOGAVERO, 18

DAUGHTER OF
DR. MOGAVERO

"In my 2nd phase of treatment, my smile definitely increased my confidence. I got my braces off in 8th grade, in my awkward middle school years, and everyone noticed at my school. I'm a joyful person, and I love that now my smile can bring joy to other people."

COLE SCHAMBER, 18

BUSINESS OWNER,
ENTREPRENEUR

"I wouldn't have been able to get braces without Dr. Mogavero's donation to a school fundraiser. Before, I was self-conscious about my overbite and messed up teeth. Now, I feel better about myself and enjoy showing off my flawless smile. It's helped my confidence as a business owner."

PAYTON GILLETT, 14

VISTA DEL MAR
GRADUATE

"I really love my beautiful teeth and smile from Dr. Mogavero. It has given me confidence and makes me want to smile more."

JAGGER EATON, 15

SKATEBOARDING
SUPERSTAR

Star of Nickelodeon's
Jagger Eaton's Mega Life

At age 11, former patient Eaton took part in the 2012 X Games in Los Angeles, becoming the youngest participant ever to compete. Pictured at right with Dr. Frank, Jagger won a 2016 bronze medal in Austin, Texas.
